

South Kingstown Youth Volunteer Opportunity Guide

(rev.1/2010)

“Volunteerism is a “protective factor”, a condition in people’s lives that make them less likely to use alcohol, tobacco, or illicit drugs. Research shows that when teens are involved in quality volunteer opportunities, the likelihood that they will engage in risky behaviors decreases, and their level of social trust and academic achievement increases.”

WELCOME!

The South Kingstown Partnership for Prevention is pleased to make this booklet available to the youth and families of South Kingstown to assist you in accessing information about the many volunteer opportunities available in our Town.

*We would like to thank **Jonnycake Center of Peace Dale, South County Community Action, SK CARES, SK Parks and Recreation, and Southern Rhode Island Volunteers** (formerly SHO,) for collaborating with us on this project.*

For more information about a particular volunteer position please contact the appropriate person using the information provided in this guide.
